FAITH-HOPE-CHARITY

Three mighty fine large meanings. Reference to them does not mean an attempt here to define or impress their full meaning. But it is comforting to know that they are there, free for you to repeat and imbibe with each repetition, a bit of their value. "You've got to think high to rise."

And it is just as easy to think of comforting and worthy things, as it is to recall unpleasant or unhappy ones.

Let us try to know and live the full meaning of Faith, Hope and Charity. Truly, if you really will have true Faith, what is right will prevail. It is just another form of "Keep-a-Going." Plan your daily life, ask for, wish for, only that which your conscience and judgment tell you should be yours by right. There is plenty of everything under that head. Then think of and properly appreciate each petal of your Flower of Desire, as it unfolds.

And then, Hope. Without Hope, there would be little, if anything, to live for. Every one of the hundreds of millions, in every corner of God's footstool is hoping for something which they feel should be theirs by right. No one planning to injure or bring sorrow to any human being, will know the meaning of Hope. Hope would stifle in the foul atmosphere of any who harbor a feeling of Revenge, Cruelty or Selfishness. But to all of you who are today struggling, I beg of you to hold on, to never for a moment lose your Hope. Hope and Work, properly combined, create an unbeatable combination. But, when you feel the need, with a broad smile, call on Faith to strengthen your backbone.

"And the greatest of these, is Charity." That is the farthest reaching word in Life's dictionary. If you do not, in the fullest sense, feel the meaning of it, then you should plan to head for the swamps and jungles where you will revel in the society of Greed, Revenge, Hatred, Envy, Gossip and their offsprings.

Yes, it is "More blessed to give than to receive," so give until it hurts. That's the way to really enjoy what you do. Giving what you don't need, while helpful to the recipient, reflects but little in your heart.

Kindness is the first child of Charity. So, if you will be ever guided by the impulses instilled by Kindness, there can be no room for any of the baser thoughts or desires.

Find your Poise, your Harmony and when you can associate with these, the best that is in your heart and your brain, you will be able to combat anything, especially if you know the meaning of Faith-Hope-Charity.

REMINISCING.

For many reasons, this seems a good time to do a bit of reminiscing. There is a fruitful subject—"Barrymore."

The first Barrymore I met was the head of the family, Maurice, in New York in the spring of 1886. I had made my debut the autumn before. Having left Princeton in the spring of '83, I was still full of the thought of athletics. The "S. A." was organized. Actors' Amateur Athletic Association of America. "Barry," as he was affectionately known to his friends, had for years been the amateur boxing champion of England. So, he was quite interested in the new club. At the time he was the handsomest leading man on the New York stage.

In the fall of '88, I went on tour in the support of Kate Forsyth, a deservedly popular star at the time. In the old Planter's Hotel in St. Louis, I met what she termed, "The other half of the sketch," George Drew Barrymore, there playing in another theatre as leading lady with the late William H. Crane, in "The Senator."

How clever, bright and fine she was in every way. It was during the week at the usual after-theatre supper, that I first heard of "The Kids." Little did she dream then of the success which was to attend each of them. At the time they were all close to ten years of age and were under the guiding care of their famous grandmother, who was then starring and managing her own Arch Street Theatre, in Philadelphia. Many light-hearted laughing moments I was privileged to enjoy in the society of "George." Drew before her all too early passing. And many a late hour did I enjoy with "Barry" in the old Lambs Club. The family not being in New York, he would sit up night after night as long as there was a companion left. And what a privilege. Clever, bright, but never unkind, therefore truly loved

Downtown Planting Is Under Way

Owners of New Drive-In Market To Beautify With Cocos Plumosa Palms

The program of the City Planning Commission and City Council for beautification of the downtown area by the planting of Cocos Plumosa palms will get under way with completion of the new drive-in market now under construction at Baldwin and Central Avenues, and it is expected shortly to extend to the entire shopping district.

Plans of the owner of the property on which the drive-in market is being built call for a generous planting of cocos Plumosa along the curbs on both the Baldwin and Central Avenue frontages and in the parking area in front of the market triangle. R. S. Corlett, the owner, is a member of the Planning Commission, whose recommendation for the planting of this graceful palm was adopted by the council as the official tree for Central Avenue.

Hoping to oblige prospective tenants in the new market, the owner is making an effort to complete the structure early in September and September 6th is the tentative date fixed for the opening. To accomplish this result, extra workmen have been employed and 14 men are now on the job, all of them excepting bricklayers being residents of this city.

Widening of Baldwin Ave. Started

Widening and repaving of both Baldwin and Sierra Madre avenues is now under way. Early this week a second crew of county workmen came to the city and began the improvement of Baldwin avenue between Central Avenue and Foothill Boulevard. The first step on the job was the removal of several trees in the roadway near Foothill Boulevard, which will remove a constant source of danger, however, much loss of the trees may be regretted. Both thoroughfares, when completed, will have 40 feet of hard surface pavement.

They will be widened 10 feet on either side of the old pavement. The gutters that formerly carried off the storm waters of Sierra Madre avenue are being filled with dirt taken from Ramona avenue.

The new paving scheme calls for extension of the roads over the gutters. Hereafter the storm waters will flow down the paved portion of the roadways. On either side of the roads the asphaltic macadam will fold up over the fashion of a curb, throwing the drainage into the center of the street.

The widening and repaving of Sierra Madre avenue will result in the grading of a street without cost to the city for under an arrangement made by Business Manager Al. S. Myers with the county, dirt needed in the improvement project is being taken from Ramona avenue and it was stipulated that Ramona avenue should be graded as the dirt is removed.

IRVING RUBIN, WAR VETERAN, PASSED ON

Irving Rubin of 273 San Gabriel court, died on Friday at Dr. Miller's sanatorium, Monrovia. Mr. Rubin, a World War veteran, was born 38 years ago in Illinois and came to California seven years ago, moving to Sierra Madre about six months ago. He is survived by his widow, Mrs. Florence Isabel Rubin, and one sister, Mrs. O. D. Zimring of Chicago. He was a descendant of Rubinstein, the composer. The local American Legion sent floral tributes and a number of Legionnaires were present at the services. Funeral services were held Monday in Monrovia. Interment was at Mountain View cemetery, Pasadena.

FELLOWSHIP CLUB HAS DANCE TONIGHT

The Young People's Fellowship club of the Church of the Ascension will hold another dance at the parish house this evening at 8:45. Host and hostesses for the evening will be Misses Beatrice McClelland, Jane Holland, Catherine McClelland, Angeline Per Lee, Babbie Bains, Edith Hawks and Craig McLaughlin and Donald Pegler. Mrs. S. M. McClelland and Mrs. John H. Robertson will be matrons. Everyone is cordially invited.

Woman Here Goes To Altar Twice With Same Man

Announcement has just been made to her friends here by Mrs. Birdie Manley, of Holly Trail, Canyon Park, that she has made her second trip to the altar with F. A. Schultze, of St. Louis, Mo. The wedding ceremony was performed this time at Yuma, Ariz., on July 23. The first one occurred at Dallas, Texas, 19 years ago. A separation of 14 years intervened between the first and second times the wedding bells pealed.

Legionnaires Topple Temple; All-Stars Take Glendale In 11 Innings

Sierra Madre's Legion League entry rode rough-shod over the Legionnaires from Temple City on Friday night at the athletic field, defeating their neighbors by a score of 20-8.

The first four innings of the game were turned into a sort of track event by the local team, which made all of its scores in that period. With the game thus safely on ice, Sierra Madre relieved Pratt, its star twirler, and took it easy for the remainder of the game. Burroughs, taking Pratt's place on the mound, was content merely to warm up and allowed the visitors to score eight runs.

A new lineup was presented by Sierra Madre for the first time and with probably a minor change or two, will be continued for the remainder of the season.

The Sierra Madre All-Stars won a really good, tight ball game from the Glendale Stars here on Tuesday night by a score of 4 to 3.

The game was deadlocked at three to three from the eighth until the eleventh inning, when Burroughs singled and romped across the plate with the winning score when Lorenzini drove a hit far into the outfield. Both teams fielded quickly and well, each contributing some circus baseball.

Little Gallery To Be Prominent In L. A. Art Exhibit

The Little Art Gallery will exhibit original pictures by local artists at the art promenade in Los Angeles on Art Day, September 11, which will be celebrated in conjunction with La Fiesta. Every one in the community who has original pictures in oil, water colors, etching, advertising art, cartoons, sculpture, interior decorating, artcraft, etc., is invited to participate but must be willing to sell their art work if called upon to do so.

Mrs. Fred Griebanow, art chairman, has charge of all exhibits any one desiring information is asked to get in touch with her. All pictures must be properly framed and must be in her hands before August 21.

Right To Extend Central Avenue Voted This City By Pasadena And County

Passage Through Hastings Ranch May Be Granted By the Owner; Resolution of Intention To Be Adopted By City Council Next Wednesday.

Permission to proceed with the extension of Central Avenue through unincorporated territory lying between this city and Pasadena was granted Sierra Madre by the County Supervisors on Monday. On Tuesday the city trustees of Pasadena granted permission for construction of the new highway into that municipality.

With the way thus smoothed for the removal of Sierra Madre's isolation and assurance from Los Angeles county of substantial financial assistance through the use of gasoline tax funds, the local Council proposes to proceed next Wednesday with adoption of a resolution of intention to immediately go ahead with the project.

Advisors of Charles Hastings, owner of the great ranch adjoining the city on the west through which the proposed artery must pass, express the belief that Mr. Hastings has reconciled himself finally to construction of the road.

And that before the Council meeting he will pass a deed giving the right of way through his property, as all other affected property owners have done.

This would greatly reduce cost of the undertaking to this city, simplify the proceedings and allow the early letting of a contract without the possibility of further hindrance.

But if Mr. Hastings has not acted favorably before the Council meets and a deed for the right of way is not in his possession, the Council has given notice that it will proceed under the Mattoon act and condemn the necessary right of way.

Preliminary to its contemplated action, the City Council on Friday recalled all previous steps taken by Sierra Madre looking to construction of a main highway into the outside world, adopted plans and specifications for the undertaking as it is now proposed to proceed and designated Henry S. Gierlich as the engineer under whose charge the work shall be carried through.

Assurance has been given Business Manager Al. S. Myers and the City Council by the county supervisors that if they are able to deliver deeds for the right of way through all of the properties between Sierra Madre avenue and the Pasadena city line, the county will assume construction costs through the intervening territory.

The estimated cost of the project, should Mr. Hastings continue his hostility, is \$145,784. Of this amount the estimated cost for acquiring necessary lands from Mr. Hastings is approximately \$19,000. Cost of construction of the entire project from the eastern boundary of Sierra Madre into Pasadena is fixed at \$126,684.

Estimated construction costs of the improvement in this city are figured at \$68,826, and the estimated cost of building the road through the Hastings property is \$41,228.

Willing to assume full financial responsibility for the thoroughfare beyond Sierra Madre avenue if a right of way is deemed beyond that point, Los Angeles county has tentatively agreed to allocate \$18,532 towards widening and paving Central Avenue within this city.

Plans adopted by the city council.

APPARENTLY DEAD, WOMAN AT LOCAL HOSPITAL KEPT ALIVE BY RESUSCITATOR

Rushed to the Sierra Madre Hospital at noon yesterday when her heart had apparently ceased to beat and there was no evidence that she was breathing, Mrs. Nellie F. Parlin of 372 Sycamore Place, was being kept alive by a resuscitator early this morning and had a fighting chance for her life.

Mrs. Parlin was in her usual health until about 10 o'clock yesterday morning and suffering from no bodily ills, when she complained of a violent headache. It grew steadily worse and at noon her respiratory organs became affected. Her breathing had apparently ceased shortly before one o'clock when she was rushed to the hospital by Dr. George W. Groth, who had been summoned.

Before starting for the hospital with his patient Dr. Groth sent a hurry call to the fire department for its resuscitator which was at the hospital in charge of Joe Swanson when Mrs. Parlin arrived there.

When the life-saving apparatus was put into operation the patient's heart had seemingly ceased to function but after a few minutes there were signs of a slight pulsation, followed by increasing heart action. As the mechanism continued to inflate Mrs. Parlin's lungs and to withdraw the carbon dioxide in an almost natural manner, there was a continued improvement in the patient's condition and increasing chances of saving her life.

However Mrs. Parlin continued unable to breathe and Dr. Groth attributed this failure to a brain pressure affecting the respiratory organs.

"If," he said, "she is able to regain her ability to breathe naturally within a reasonable time there is a good chance for her recovery, though there is no doubt that she would have died at about the time of her removal to the hospital had the resuscitator not been brought into use."

Several trips were made to Pasadena for Oxygen during the night by members of the fire department. Robert Babbitt of the department's first aid crew relieved Swanson in operation of the machine. Dr. Groth remained in constant attendance in the hope that there would be signs of turning consciousness in the patient and a return to natural breathing.

CHARLES F. GILMORE BRINGS A BRIDE FROM YUMA TO CANYON PARK

Charles F. Gilmore of Audubon Park, and Mrs. Mary Anna Adams of Glendale, Ariz., were married Friday morning, July 31, 1931 at 10:30, at the First Methodist Church in Upland, Calif., by the pastor, Rev. I. A. Eugle. After the ceremony they drove to Mr. Gilmore's home in Canyon Park, where they will be at home to their friends after August 10.

Observations

By LEE SHIPPEY

You can't get a booze prescription filled at either Sierra Madre drug store—we know because we tried. But there are mighty few towns like ours. I've just come back from San Francisco, where any bell-boy will get it for you, if you're crazy enough to pay the price. And Frisco is just like all the other cities, including Los Angeles. Every big hotel now is a training school for bootleggers. What chance prohibition?

Carnival To Close Local Swim Week

Big Program of Exciting Water Events Is Carded For Canyon Park's Pool

A big water carnival, to include demonstrations of life saving and water sports, will conclude Red Cross swim week Saturday night at the Canyon Park Plunge.

Powerful lights and brilliant colored lamps will transform the vicinity of the plunge into one of gayety. Seating arrangements will be enlarged to take care of several hundred spectators. Ample parking facilities under the supervision of city police will eliminate confusion.

More than half of the 125 adults and children taking swimming or life saving lessons during the week under George Hughling, University of Berkeley coach, will take some part in the carnival.

A special feature of the evening will be the demonstration by Mr. Hughling's life saving classes. The complete rescue of a drowning person will be enacted. A swimming parade of youngsters who have learned to swim during the past week will be an unusual attraction.

The purposes of the swim week have been to teach children to take care of themselves in the water, to get enjoyment from swimming in the interest of health, and to be able to render assistance to others in time of emergency.

Six senior life saving awards and more than 20 junior awards will be given out tomorrow night by W. R. Humphries, chairman of the local chapter of the Red Cross.

The program tomorrow will include the following demonstrations: resuscitation, swimmer's demonstration and presentation of badges, junior and senior life saving demonstration, beginner's class demonstration and swim for badge.

Among the competition events will be: swimmers' race, 25 yards; beginners' race, 25 yards; open championship, free style, 50 yards; life saving competition; egg and spoon race; balloon race; candle race; night gown race; watermelon polo; diving for plates and penny scramble.

Date Fixed To Hear Protests Against Montecito Paving

At a meeting of the City Council on Wednesday night Business Manager Al. S. Myers presented an assessment roll covering the paving and extension of Montecito avenue from Lima street to Sierra Madre avenue. It sets forth the amount assessed against each property fronting on the improvement and is now on file in the office of the city clerk. Council fixed August 26th at 7:30 p. m. for a hearing of property holders who may take exception to the amounts assessed against them, or to the character of the work performed. Official notice of this hearing will be found elsewhere in this issue of The News.

EARL GROMAS CHOICE OF LEGION POST HERE FOR NEXT COMMANDER

Sierra Madre's delegates to the American Legion State convention at Long Beach on Aug. 21 will support Earl Gromas for State commander. They were so instructed at a meeting of the local post on Monday night. Gromas was the organizer of the Monrovia post, is now commander of the Redlands post.

MORE ATTRACTIVE MAIL BOXES COMING

Mail boxes throughout the city are to be brightened up with fresh paint. Postmaster Wright announces that bids for painting the boxes will be received at the post office up to 5 o'clock August 20th.

Start Work on New Road Into Forest

Dirt Will Fly Monday On Extension of Santa Anita Ave. Into Mountains

Construction of the Santa Anita Canyon Highway into the Angeles Forest was started early this week when a crew of 20 men from among the unemployed of Sierra Madre and Arcadia began to tear out the brush and stake out the roadway from the end of Santa Anita Avenue at Grand View Avenue along the mountainside.

A greatly augmented crew will start to make the dirt fly next Monday, when the actual pick and shovel end of the job that will end at Roberts Camp begins.

Designed to somewhat relieve the unemployment situation in this community, the county road department expects to have at least 50 men opening up the right of way over the first leg of the route to the Santa Anita flood control dam by the middle of next week. When the way has been cleared to the hogbacks in the mouth of the canyon, along which a switchback road must be built, a greater number of the unemployed will be taken on.

It is estimated that construction of the canyon road with its two spurs into the San Gabriel Valley will require from nine to ten months and that all of the unemployed of this city will have an opportunity to work part of the time on the project.

The extension of Santa Anita Avenue into the canyon from the present terminus of that thoroughfare at Grandview avenue will be completed before work on the Sturtevant Trail route from Sierra Madre canyon along the mountain to Santa Anita Canyon begins.

This will allow of ample time for completion of this city's program of road building in Canyon Park before the Sturtevant Trail route is undertaken.

Meanwhile agitation has been started in Arcadia for a bridge path in the beautifully planted park in the center of Santa Anita avenue north from Central Avenue, with the idea of eventually extending the bridge path into the mountains when the new road is completed.

Old Resort In Hills Has New Owner

Palmer P. Snow, of Santa Ana, has bought and assumed control of Orchard Camp, on Mt. Wilson Trail.

The deal was consummated a week ago and Mr. and Mrs. Snow relieved George Haggood, the former owner, of the managerial responsibility on Monday.

Mr. Haggood bought the resort about three months ago and immediately began a general renovation and remodeling of the camp, rebuilding the dance pavilion and remodeling and repairing many of the cabins. He was in the midst of this program when the resort came under the notice of Mr. Snow who negotiated its purchase.

Mr. Snow is manager of the Bell Telephone Company in the Santa Ana territory. He has remained in his position there and Mrs. Snow has been in charge of the resort since it changed hands.

City May Abandon Idea of a Float In Rose Tournament

A proposal that it drop the idea of entering a Sierra Madre float in the Pasadena Rose parade on New Year's Day was considered by the Chamber of Commerce at its meeting on Monday night. It was suggested that inasmuch as the City Council would probably be unable to give substantial aid to both a tournament float and the celebration on October 10 of this city's semi-centennial, the Chamber join with the local Historical Society in making the home celebration the biggest possible success. The matter was taken under advisement.

A committee of the chamber has recommended that if a float goes to Pasadena, it shall be one representing a discus thrower. Each float in the parade will represent a Nation participating in next year's Olympic games in Los Angeles. The rose tournament committee has awarded Greece to this city as the country it shall represent. Arcadia drew Ireland as the subject for its float.

Be strong, and of a good courage;
be not afraid, neither be
thou dismayed for the Lord thy
God is with thee whithersoever
thou goest.—Josh. i. 9.

Watch your way then, as a cautious
traveller, and don't be gazing
at that mountain or river in the
distance, and saying, "How shall
I ever get over them?" but keep
up to the present little inch that
is before you, and accomplish that
in the little moment that belongs
to it. The mountain and the river
can only be passed in the same
way; and, when you come to them,
you will come to the light

GROWING NUISANCE

House to house peddlers and
solicitors of orders for this and
that are becoming an ever greater
nuisance to the American home,
as any housewife might truthfully
testify. Still, the housewife whose
home is constantly invaded by these
itinerant super-salesmen has the
remedy in her own hands.

A timely suggestion along this
line is made by Prof. Conrad of
the New Jersey Teachers College,
who points out that the peddler
who boasts that his firm has no
store is trying to make a store
out of your home. You are expected
to furnish a place where
he may do business free from the
expense which other merchants
must pay.

Besides, he insists on making
you shop at his convenience, no
matter how much it may interfere
with your daily routine. He takes
up your time arguing you into
buying something that in most
cases you neither want nor need.
Sometimes you buy to get rid of
him, when you ought to say:
"This is a home, not a place of
business, and I am not going to
allow you to use it as a store.
Good day."

That might seem rather inconsiderate.
But it is one way of
discouraging the peddler, who has
not the slightest consideration for
your peace and comfort, but uses
your home as a market place, in
unfair competition with home
merchants who pay rent, taxes,
license fees, and in other ways
contribute to the welfare of the
community.

MAKING CRIMINALS

Human nature—one of whose
fundamental characteristics is the
urge toward freedom—cannot be
changed by legislation.

Age-old customs cannot be
erased overnight by a law.

Here are truths that should be
called to the attention of every
lawmaker. An important reason
for the prevalence of crime in
America is that we have harassed
the good citizen with a tremendous
volume of hasty, unenforceable
and ill-considered legislation.
It will usually be found that law-
abiding nations are those where
the laws are designed to
protect the rights of citizens
rather than to restrict them on
the dubious theory that crime will
thus be lessened.

We cannot curb lawlessness by
merely passing more needlessly
restrictive laws to break.

SAVE PACK TRAINS AND NATURAL BEAUTY LEE SHIPPEY PLEADS

Lee Shippey announces that he
is "agin progress" and building
of the Santa Anita Canyon High-
way, work on which was com-
menced this week. Here is a protest
from the local columnist that
appeared in his "Leeside o' L. A."
on Saturday.

We doubt that any other great
city in the world is so close to
primitive wilderness as Los Angeles
is. The end of the Sierra
Madre car line, daily ridden by
many Los Angeles business men,
is within a few blocks of the be-
ginning of two mountain trails
over which the United States
mails are carried burro-back, and
all provisions for the numerous
camps must be packed in. Deer
continually stray out of that part
of Angeles National Forest, and
in the camps you see the skins of
mountain lions and wild cats re-
cently killed.

Now this natural beauty is
threatened. It is proposed to
build a highway into Santa Anita
Canyon. That undoubtedly would
enhance the value of a good deal
of real estate, but we hope it
won't be built. There is no real
need of it. And once it is built
Southern California will lose some
thing it never can regain. There
are plenty of places where auto-
mobiles can go. Let us keep a
few where they cannot go. It
isn't safe to walk anywhere but
in the mountains now, and on
mountain motor roads that isn't

JULY LEFT MARK ON WEATHER RECORDS

Lack of wind made last month
the hottest July in Southern Cali-
fornia since the United States
weather bureau was established.
The official average temperature
for the month was 77 degrees, or
7 degrees above normal. The heat
wave from which the Southland
suffered almost without interrup-
tion until early this week, began
June 22nd.

Col. H. B. Hershey says that
many of the reasons assigned for
the hot spell were merely theories,
including those that attributed the
heat to pulling effect of the
planets on the tides and the
movements of the ocean and the
one that the Japanese current is
moving shoreward along the
Southern California coast line.

"One sure reason for the warm
weather," said Col. Hershey, "is
the lack of wind—a sort of stagna-
tion of the air currents."

UNDERGROUND WATER SUPPLY UNAFFECTED BY ABNORMAL DEMAND

Despite abnormal demands upon
it because of the long warm
spell, the underground water
basin, the main source of water
supply for this city, has been
keeping up its level.

High heat spells, long droughts
and heavy pumping during the
summer as has been the case this
year, usually lower the water level
of the natural reservoir until the
following winter. Members of the
water department believe that
deep springs have somehow rein-
forced the usual supply of water
for the basin.

Sierra Madre is now receiving
no water from the inlet two miles
up the Little Santa Anita stream.
During the winter this stream
alone furnishes a good part of the
city's water. Of the water tun-

EASTERN STAR WILL HOLD RECEPTION FOR PASADENA'S MATRON

A food sale, to be given on the
opening date of the new drive in
market and which will be ad-
vertised in a later issue, of the
Sierra Madre News, was planned
by the Order of the Eastern Star
at their meeting on Monday eve-
ning at the Masonic Temple. Mrs.
M. Peal Arthur, associate matron,
presided. Mrs. Margaret O. Hart,
of Lawton, Okla., was guest for
the evening.

A meeting of the officers has
been called for Monday, August
17, when a rehearsal of ritualistic
work for a reception of the grand
matron at Pasadena, will be held.
Mrs. the east one is still supply-
ing its normal share of water.
The supply from this tunnel never
fluctuates throughout the year.

OLD FAVORITES BACK ON PLAYHOUSE STAGE

Ruth Covell Levison, popular
Playhouse actress, plays the role
of Bobby, the modern girl who
has her own ideas about romance
and marriage, in the Maxwell
Anderson comedy, "Saturday's
Children," which opened at the
Pasadena Community Playhouse
last night and will run until
August 15.

Monty Collins, popular motion
picture comedian, makes his sec-
ond appearance on the little
theatre stage as Willy Sands in
the Anderson play. Collins has
been previously at the Playhouse
in "June Moon." James Ellison,
player of the stage and screen,
has returned to play Rims O'Neill,
juvenile lead in the comedy.

FIREMAN'S FIRST AID CREW GOING AFTER A COUNTY FAIR PRIZE

Sierra Madre's first aid crew of firemen captained by Joe T. Swanson, is undergoing vigorous training in preparation for entrance in the Pomona county fair first aid contest to be held in September. The contest, the first of its kind, will be open to all municipal fire departments in the county.

The local squad is attending Red Cross demonstrations in Los Angeles, besides putting on splints and doctoring dummy wounds in its home town.

Members of the crew are Captain Swanson, Robert Babbitt, Vernon Udell, H. A. Thew, and W. L. Hibbs. Since the creation of this special branch of the fire department, it has been called into action several times. A resuscitator and complete first aid equipment enables Sierra Madre to boast of one of the best equipped first aid squads in the county.

The first prize was won by Mrs. George Johnstone.

Pierce Laws and Miss Blanche Wood entertained 14 guests from Pasadena at a swimming party in the Canyon Plunge last Thursday evening.

IN YOUR GARDEN

There's a "best way" to do everything, and amateur gardeners should give a little thought to the best way of handling pruning shears.

Always work with the cutting blade lowestmost so that you pull it upward, though the pressure is downward on the handle of the cutting side. This allows you to cut smoothly and close to the stem from which the pruned shoot is removed. It insures against possible stripping of bark resulting from a downward cut. Watch the "set" of the blade—don't let it get sprung.

Never use shears that are dull. Keep them sharp as you work.

Many people have the mistaken idea that to prune a plant is to trim back the branches in much the way that a barber cuts hair. The object of pruning old shrubs is to keep them shapely and to preserve the blooming wood. Naturally this cannot be done by merely "bobbing" off the top of the plant.

Anyone who attempts to prune should have a clear idea why that particular bit of pruning is being done. In general, the natural growth of a shrub is the most attractive, and by cutting out the old and dead wood, enabling the plant to renew itself, this natural grace and beauty of the plant is preserved. Formal shaping of the plants should be restricted to formal gardens.

The avoid unnecessary pruning of tall shrubs do not plant them in positions where a low-grower would be more suitable and require less cutting back. This is especially true under windows where a tall shrub will become too large and will have to be severely trimmed back each year.

Plant a tall, slender shrub where it can develop into an effective plant, instead of trying to stake and prune a small bushy variety into one of willowy proportions.

Shrubs that bloom in the spring are best cut back within two weeks after they have ceased to bloom. The later blooming varieties like Hydrangeas, Altheas and terminal blooming varieties are better pruned in the winter or early spring.

Proper pruning will not only help the plants to remain youthful and lovely, but it is a means of giving young plants new vigor. Cutting back one-third to one-half in the dormant season often throws renewed energy into the rest of the plant. The individual shoots should be cut back at difference lengths, retaining the natural form of the shrub, instead of shearing the plant off evenly.

Notwithstanding his penitentiary sentence for bribery, Albert B. Fall, former Secretary of the Interior, is still on Uncle Sam's payroll. He draws a pension of \$72 a month for service as a captain in the Spanish-American War.

Approximately 7,500,000 tons of salt are produced yearly in the United States.

Every once in a while everyone gets a new car. . . does over a living room. . . paints the house everything—but nine times out of ten the garden is left to get along as best it may, wearing the same old dress year after year.

It is a commonly accepted fallacy that a garden once planted, a border or bed of perennials once arranged, can be left without changing or renewing. It must be that changes take place so gradually that gardens which were once very fine often become unbalanced, overgrown, and even bare in spots, without the owner realizing it.

There are so many fine flowers and beautiful things so worthy to know that cannot possibly be grown in one garden all at once if it be anything but a hodge-podge jumble, that really quite extensive new plantings and rearrangements should be a definite gardening program every year or two. Only by so doing can one experience delightful new charm and widen their circle of friendship in the world of flowers, and keep up appearances in their garden and borders in the same efficient manner as the rooms within doors are kept up. After all, adding new charm to the garden is the greatest source of joy in gardening.

Skillful planning will enable you to use the same ground several times so that the ground which is occupied by Tulips in the early spring may be a blaze of color in August.

Everyone who enjoys raising flowers gains added pleasure by bringing cut flowers indoors. However, borders that are planned to achieve a certain effect in the garden will begin to look rather "run down" if the supply of choicest bloom is depleted by daily cutting. Why not anticipate this desire for cut flowers by providing a special cut-flower garden—then you will have an ample supply of lovely blooms for the house.

AVOCADO GROWERS WILL HOLD CULTURAL MEETING

Growers from almost every section of Southern California will be in attendance at the California Avocado Association meeting and cultural program to be held Saturday, August 15, starting at 11 a. m., at the "Little Rancho" of George Pratt Smith at Vista, in northern San Diego county. Mr. Smith's grove, located a mile from Vista toward Escondido on the inland highway, is among the best there in the state.

Girls Ball Team Will Play Nines From Valley Towns

The summer vacation season has upset all calculations of the promoters of the Sierra Madre girls baseball team. Twice during the last month following intensive practice games the team has been ready to take the field and then one or more members of the lineup have gone on their vacations.

"We have really had two good teams all ready to take their place in the city league," said Mrs. Louise Roe, manager of the team, "but the hot weather prompted the relatives of some of our players to start on their vacations and a couple of the players have had to drop out of the lineup, with the result that we have practically abandoned any idea now of participating in regularly scheduled games until September.

"Meanwhile, the players who remain here and those who are returning are continuing to practice at least three nights a week and we will have a real good team in the field eventually.

"Some of our players have been watching the girls teams in other towns. Several of us went over to Puente last week to see the women's club of that town beat the Covina amateurs by a score of 19-2. We saw a real good woman pitcher in Alice Dunphy of the Puente team who had seven strikeouts to her credit and allowed only four hits.

"We find that quite a number of towns in the San Gabriel valley have girls' teams and when our own is ready for the diamond we will probably play a number of them, both here and on their home grounds."

GRAND OPERA SEATS FOR "MOVIE" PRICES

Constituting a fitting preamble to Fall Fiesta days in Los Angeles, "Il Trovatore," most lilting and universally beloved of the immortal Verdi's operas, will be the third Cahill-Gentz outdoor offering at the Greek Theatre in Griffith Park beginning this (Friday) evening at 8:30 o'clock.

A thousand seats will be available to the public at twenty-five and fifty cents, to be placed on sale only at Greek Theatre boxoffices on the nights of performances at 7 o'clock. The policy of free seats will be continued in a modified form, applications by mail received up to the night previous to performances and to be addressed to the Hollywood Chamber of Commerce Building only being honored. In addition to these classifications, seats at seventy-five cents and a dollar are also to be had.

VISITING MINISTER COMES TO THE PULPIT OF BETHANY CHURCH

Pastor William Duncan Ogg, of Bethany Church, is exchanging pulpits with Rev. Robert C. Lewis, of Hawthorne, for the next two weeks. Rev. Mr. Lewis is not unknown to the people of Sierra Madre, having preached here many times in the past few years, and always with great acceptance.

Pastor Ogg advises all Sierra Madreans to come out and be his pupil guest at Bethany church the next two weeks.

Jennings Lee, a bell boy, who found \$1,400 in a hotel in El Paso, Tex., and returned the money to the owner, was given a tip of 15 cents.

Mikiko Hayashi, a high school girl of Tokyo, Japan, recently defeated Tomoko Kobayashi, the national women's champion, in the finals of the Kwanto lawn tennis championship meet.

In A Social Way

At a wedding this evening at Bethany Church, Miss Lucille Ladd, daughter of Mr. and Mrs. W. J. Ladd of 258 Mariposa avenue, will become the bride of Harry S. Barrington of Pasadena, son of Mr. and Mrs. T. G. Barrington of Toronto, Canada. The ceremony will be performed at 8 o'clock by Rev. William Duncan Ogg, pastor of Bethany Church, and Rev. Thomas Olson of Plymouth Brethren Church, Pasadena.

The bride, wearing an ankle length gown of white crepe and tulle veil caught in place with orange blossoms and carrying a shower bouquet of butterfly roses and lilies of the valley, will be attended by Miss Louise Byerly as maid of honor. Miss Byerly will be gowned in coral pink chiffon and will carry talisman roses and lavender sweet peas. Frances Evans, in green chiffon trimmed with pink, will be flower girl. Thomas Typer will serve as best man and Kenneth Gardner, Nicholas Simponis and Harry Gregory will assist as ushers.

A three layer fruit cake was baked and sent to the young couple by the groom's mother, Mrs. T. G. Barrington. A reception will be given for the bridal party and immediate friends at the home of the bride's parents following the ceremony. Mr. and Mrs. Barrington will honeymoon for two weeks in the mountains before returning to Sierra Madre, where they will make their home.

About 200 have been bidden to the affair.

Announcement of the approaching marriage of Mrs. William Carson Shaw of 120 East Laurel avenue, and Walter Bean of San Jose, was made by Mrs. Fred Hooker Jones at a shower given for Mrs. Shaw by Mrs. Frank Hart at "Hartwood" in Sierra Madre Villa on Friday afternoon. The romance dates back to Mrs. Shaw's school days and the wedding will take place in the near future.

Mrs. Marian G. Bromley of East

Central avenue, entertained at dinner on Saturday evening. Guests included Clarence Carter of Boston and Mr. and Mrs. George P. Rikeman.

Mrs. J. W. Tyree of 140 South Hermosa avenue, will entertain with a bride luncheon on Saturday afternoon. Among the invited guests are Mrs. Emily Renaker of Monrovia; Mrs. Kathryn Kelley of Los Angeles, and Mrs. Olive Elliott, Mrs. Edith Cole, Mrs. Clara Smith, Mrs. Alva Trask, Mrs. Margaret Davis, Mrs. Ethel Culver and Miss Adelaide Ticknor, of Pasadena.

MANY TROPHIES TO BE CONTESTED FOR AT LEGION'S MEETING

More than 100 trophies and prizes will be awarded at the Long Beach convention of the American Legion. The prizes will comprise medals, cups and cash.

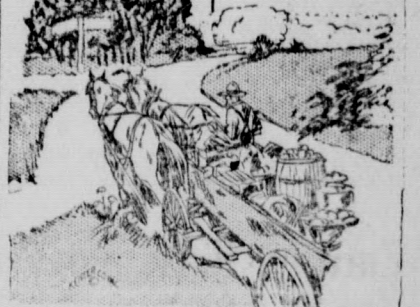

The most sought after award will be the \$1000 given toward the expenses of sending the winner of the drum and bugle corps contest to the national convention at Detroit, September 21. Winners of the band contests will be awarded handsome trophies.

Joyce N. Flesher, chairman of the parade committee announces that beautifully decorated and historic floats will be one of the

features of the Legion parade. Five prizes will be given float entries in the procession.

If you but grow one potato that answers man's hunger you have done more than he who writes a poem to encourage man's pessimism.

It will not embarrass you to seek a service within your means.

Double the pleasure of your day in town

...by going this carefree, comfortable way

WHENEVER you visit downtown Los Angeles...to shop, to attend a theater, on business or for whatever reason...you can make the trip doubly enjoyable by going and coming on a swift, safe, comfortable Big Red Car.

Eliminate the hazards and nerve strain of traffic on crowded streets and highways...chief cause of that fog that so often follows a day in town. Let the motorman be your chauffeur. Eliminate too, the bother and expense of parking downtown.

Best of all, ride for a great deal less than the cost of other means of travel. Low roundtrip fares of about two cents a mile bring you a substantial saving in addition to that of parking fees. (If you go to town daily, the Red Car Monthly Pass or commutation tickets offer a still greater economy...a good

many dollars a month actual cash saved if you now go some other way.)

Parcel Check Rooms If you shop, you may find it convenient to use the parcel check rooms Pacific Electric maintains at both Hill St. and Sixth & Main Sts. station. Check parcels when you're near the station, and claim them later, before you start home. Plenty of room for packages on trains, especially if you shop between 10 and 4. However, many stores make daily free delivery to suburban communities.

For further information, fares and schedules, phone your local agent or call TU cher 7272 in Los Angeles.

LEGAL NOTICE

ORDINANCE NO. 344
AN ORDINANCE OF THE CITY OF SIERRA MADRE CONSENTING TO THE ESTABLISHMENT OF THAT PORTION OF SANTA ANITA CANYON ROAD EXTENDING BETWEEN GRAND VIEW AVENUE AND THE SOUTH LINE OF SECTION 10, TOWNSHIP 1, NORTH, RANGE 11, WEST S. B. M., OVER WHICH THE CITY OF SIERRA MADRE HAS JURISDICTION AS A PART OF THE COUNTY SYSTEM OF HIGHWAYS OF THE COUNTY OF LOS ANGELES.

WHEREAS the Board of Supervisors of the County of Los Angeles by not less than a four-fifths vote has adopted a Resolution declaring that certain portion of Santa Anita Canyon Road extending between Grand View Avenue and the South line of Section 10, Township 1, North, Range 11, West S. B. M., to be a part of the County system of highways, and

WHEREAS the Board of Supervisors of said County has forwarded a copy of said Resolution to the City Council of the City of Sierra Madre, requesting the consent of said city to the establishment of such portion of said road which lies within the limits of said city as a part of the County system of highways, and

WHEREAS the public interest, convenience and necessity require the granting of said request by the City of Sierra Madre—

NOW, THEREFORE, The City Council of the City of Sierra Madre ordains as follows:

SECTION 1: The City of Sierra Madre does hereby consent to the establishment of that portion of Santa Anita Canyon Road extending between Grand View Avenue and the South line of Section 10, Township 1, North, Range 11, West S. B. M., lying within the City of Sierra Madre as a part of the County system of highways of the County of Los Angeles, for the purposes and in accordance with that certain statute of the State of California entitled "An Act authorizing counties to improve or assist in the improvement of streets lying in municipalities," approved April 30, 1923 (Statutes of 1923, p. 123) as amended by the Act approved April 30, 1925 (Statutes of 1925, p. 236).

SECTION 2: The City Clerk shall certify to the adoption of this Ordinance, and shall cause the same to be published by one insertion in the Sierra Madre News, a weekly newspaper of general circulation, published and circulated in said City of Sierra Madre, and thereupon and thereafter the same shall be in full force and effect.

Adopted and approved this 31st day of July, 1931.

H. C. REAVIS,
Mayor of the City of
Sierra Madre.

Fire Flames

By one of the boys.

It looks as tho' we waited for the Chief to get out of sight and then have a few fires. George Norris, who is shouldering the responsibilities of the Chief during the "Boss" absence, was selling to a good customer some of his fine tomatoes when an alarm came in from West Highland on Monday. But knowing how necessary his presence was he dropped the patron and was an early arrival at the scene. Harlan Gerlach arrived in the newest pajama creation. The style of these is the latest thing for men. The back consists of no more cloth than it takes to make a pair of suspenders, while the legs require enough to make forty-four "gunny-sacks." When he climbed out of his car Harlan was presented with a rubber coat.

During the absence of his better 98%, Steve Petzel is busy trying to sell real estate, so when the alarm came to him he dropped a prospect and arrived in time to help roll up several hundred feet of hose. The Palm Nursery hardly missed Louie Karger. He arrived as the hose was being put away and decided he was urgently needed at the nursery.

Our baseball manager is having a little difficulty with his stars, for ours are no exception to the rule about stars being temperamental. Roy Walsworth is a very good third baseman and when "Manager" lifted him from the ranks in order to play another, it almost caused a riot among the spectators. However, at the next meeting Walsworth will be presented with a ball and bat so that he and Bob Babbit can start a team all their own.

Our First Aid Squad is rehearsing for a contest to be held in Pomona during the county fair. Joe Swanson is Captain of this "Brigade" and Joe expects to bring home a prize.

Although there is not much said about the Bailey Canyon project, the boys continue to work up there "when they get the time."

IMPORTANT ROAD TO BE BUILT IN SPRING

The state highway department has announced that bids will be opened next May for the first section of the Mountain-to-the-Sea highway, extending from Arrowhead Springs through River-side, Corona and Santa Ana canyon to the ocean, giving San Bernardino and Riverside counties a direct route to the southern beaches. The first link of the improvement, it is estimated, will cost approximately \$600,000.

AND OF THE TIME AND PLACE OF HEARING AS TO SAID WORK AND ASSESSMENT

Pursuant to statute, notice is hereby given that the Superintendent of Streets of the City of Sierra Madre, having made an assessment to cover the costs and expenses for the improvement of portions of Montecito Avenue and other streets as contemplated by Resolution of Intentions No. 524, adopted by the City Council of said City of Sierra Madre on the 11th day of February, 1931, filed the same in my office on the 5th day of August, 1931.

I hereby fix Wednesday the 26th day of August, 1931, at the hour of 7:30 o'clock P. M.; and at the Council Chamber of the City Council, in the City of Sierra Madre, as the place, when and where all persons, interested in the work done or in the said assessment, will be heard by said City Council. Property owners, the contractor or his assigns, and all other persons interested, in said work or said assessment, feeling aggrieved by an act or determination of the Superintendent of Streets or the City Engineer in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or who claim that any portion of the work was for any reason omitted or illegally included in the contract for the same, or having or making any objection to the correctness of the assessment, or diagram, or other act, determination or proceeding of the Superintendent of Street, or City Engineer, shall prior to the day set for the hearing on the assessment appeal to the said City Council by briefly stating in writing the grounds of appeal. For a description of said work reference is hereby made to the above mentioned Resolution of Intention No. 524.

Dated this 6th day of August, 1931.

City Clerk of the City of

Court Decision To Release Funds For Employment of 2,000

The State Supreme Court has handed down a decision making immediately available almost \$22,000,000 of the 1924 flood control bond issue for a resumption of flood control work on an extensive scale.

Flood Control Engineer Eaton announces that the decision will result in the early employment of more than 2,000 men, many of them to be taken from the upper San Gabriel valley.

The money made available is what remains of the \$25,000,000 allotted for the high San Gabriel dam which was abandoned after nearly \$4,000,000 had been spent and it was discovered that a high dam built on the site proposed would be unsafe.

The money having been voted by the people for a high dam, a question arose as to whether it could be used for any other purpose. An amicable suit between the supervisors and the flood control commission, which has finally been settled, was instituted to validate any expenditure of the bond money.

While the suit was pending plans were made for a series of small dams in the upper San Gabriel. Engineer Eaton now says these will be more effective for the storage of water for flood control and in building up the underground water supply than the high dam would have been.

by all who knew him.

And now "the little girl" Ethel, in these parts, successfully reviving an interest in the best of drama, offering "The School of Scandal." I recall when she first went to Boston, as a sixteen year old, to become a member of her "Uncle John's" company. She made her debut as a star at the Garrick Theatre in New York in "Captain Jinks," in 1901. In operating my photograph studio in New York I made some studies of her which became quite famous. Old timers may recall the one which, enlarged and colored, was to be seen in the lobby of every theatre in New York controlled by Charles Frohman.

In San Francisco during October, 1905, when the Taft party returned from the famous trip to the Philippines, Miss Barrymore was starring in the Columbia Theatre. As her guests, I took to a performance the then Secretary of War, William H. Taft, Colonel C. R. Edwards, then Chief of the Insular Bureau and later as "The Grand Old Man" of the "Yankee" division, "26th," during the World War, and Major George Dunn, then stationed at the Presidio. It was the first time that Mr. Taft had been "behind" during a regular performance.

It is pleasant to think of him, a jovial soul, and of her in the hey-day of her youthful beauty and success, as they exchanged compliments that night. And only a few nights ago I saw brother Lionel giving a truly wonderful performance in Norma Shearer's latest picture.

MILDRED OSTERHOUDT

High School Costs In the Crown City Heading Skyward

A survey of the cost of operation of Pasadena junior college and high school districts of which Sierra Madre is part, has just been completed by the California Taxpayer's Association in cooperation with the Pasadena Board of Education.

School expenditures increased 135 per cent in Pasadena from 1921 to 1930, reaching a total expenditure of \$2,790,000. The big increase is attributed to the fact that much of the increase in school population has taken place in the upper grades, which are more costly to maintain than the lower levels of instruction.

The high school cost per pupil in 1927-28 was \$172.59, which is much higher than the average of \$96.13 for the forty-five school districts in California.

The junior college cost in 1929-30 was \$238.51, compared to the average cost of \$284.06 in all the junior college districts in the state.

JESSE TREJO STILL AT LARGE; MISSOURI SUSPECT RELEASED

MRS. E. W. FRIEDMAN DIES HERE SUDDENLY

Mrs. Elizabeth Wood Friedman of 499 West Central avenue, passed away suddenly at her home on Sunday afternoon from heart trouble at the age of 51. She was born October 4, 1879, at Chester, Pa., and had lived here for six years. She is survived by her husband, Dr. Maurice Friedman, and one son by a former marriage, Dr. Ledger Wood, a professor at Princeton University. She had endeavored herself to all who knew her in this community.

Funeral services were conducted on Tuesday morning at 11 o'clock by Rev. Arthur O. Pritchard, pastor of the Congregational Church, at the Ray A. Grant Funeral Parlor. Interment was at San Gabriel cemetery.

SUDDEN PASSING OF BURWELL J. GOFF AT BROTHER'S HOME HERE

Burwell J. Goff, a retired civil engineer, passed away suddenly at the home of his brother William E. Goff, 329 West Highland avenue, on Wednesday evening. He was born 50 years ago at Indianapolis, Ind., and had been living at the home of his brother here for more than three years.

Surviving him are two brothers, William E. of Sierra Madre, and Roy Goff of Inglewood, and one sister, Mrs. Fred C. Reichert of Indianapolis. Funeral arrangements, which are in charge of the Ray A. Grant Funeral Parlor, have not been completed.

MAKE BRIDGE PARTY ATTRACTIVE FOR THE NON-PLAYING GUESTS

The porch bridge party to be given at the residence of Mrs. J. H. Wright next Tuesday evening, under the auspices of the Women's Guild of Ascension Parish, promises to be one of the most successful of the season, according to the chairman of the committee in charge, Mrs. W. R. Lees.

With the able assistance of Mrs. F. R. Roess and Mrs. James Hawks, arrangements have been completed for a most delightful setting for the battle for scores. Mrs. Harry Holland, who has charge of the prizes, has dropped a hint that the winners will find them well worth battling for.

Mrs. Lees began feeling sorry for the non-players—the husbands and wives and relatives in general who don't play bridge but who are brought along to the parties, so she proclaimed a non-players section and put in charge of Mrs. Wright, who admits her ignorance of bridge is so thorough and abysmal it is in a class by itself.

"There will be a guessing game—with a prize—for those who wish to exercise their alleged brains," said Mrs. Wright, "and there will also be plenty of comfortable lounging chairs and cushions distributed over the lawn so the truly restfully-minded can loaf and smoke, look at the stars, talk or keep still as the spirit moves them."

Mrs. Lees requests that reservations for tables be made not later than Monday night.
